SUSTAINABLE REVOLUTION · LA REVOLUCIÓN SOSTENIBLE ·

Dosing mouthpiece
Ergonomic and comfortable. Optimized flow for more comfortable drinking.

304 Stainless Steel
Food grade 18/8 stainless steel. High corrosion resistance.

EverTaste®
Ceramic coating preserves original flavor. German technology.

Triple layer
Copper coating. Increased thermal efficiency.

Doble wall
Vacuum insulation for optimum temperature preservation. Prevents condensation on the outer Surface.

Anti-slip base
Increased stability and protection against drops and impacts.

Enhanced hygiene
The mouthpiece remains covered when not in use for greater bacteriological safety.

Airtight cap
Ensures safe transportation without accidental spills or leakage.

Microshield®
Prevents the proliferation of pathogenic micro-organisms.

Superior insulation
Insulated cap for better thermal efficiency.

BPA free
Bisphenol A and phthalate-free materials.

Long-lasting protection
Powder coat finish protects and keeps your bottle looking like new.

The drinking revolution

More than 200 kg of garbage is disposed of every second in the sea and the ocean.

80% of this garbage is plastic and derivatives that can take up to 1000 years to decompose affecting seriously all marine life and, therefore, to us.

It's time for a revolution, to change our habits and to improve our world.

RUNBOTT is a reusable container made of materials of premium quality which, apart from keeping your drinks at the right temperature for hours, it will not leave bad tastes or smells. It is easy to clean and you will also help to reduce waste.

Thank you for joining the RUNBOTT drinking revolution.

Ceramic coating inside

RUNBOTT's secret is the inner ceramic coating that allows to maintain the temperature of our drink for hours without exposing it to metal, thus avoiding unpleasant tastes or smells.

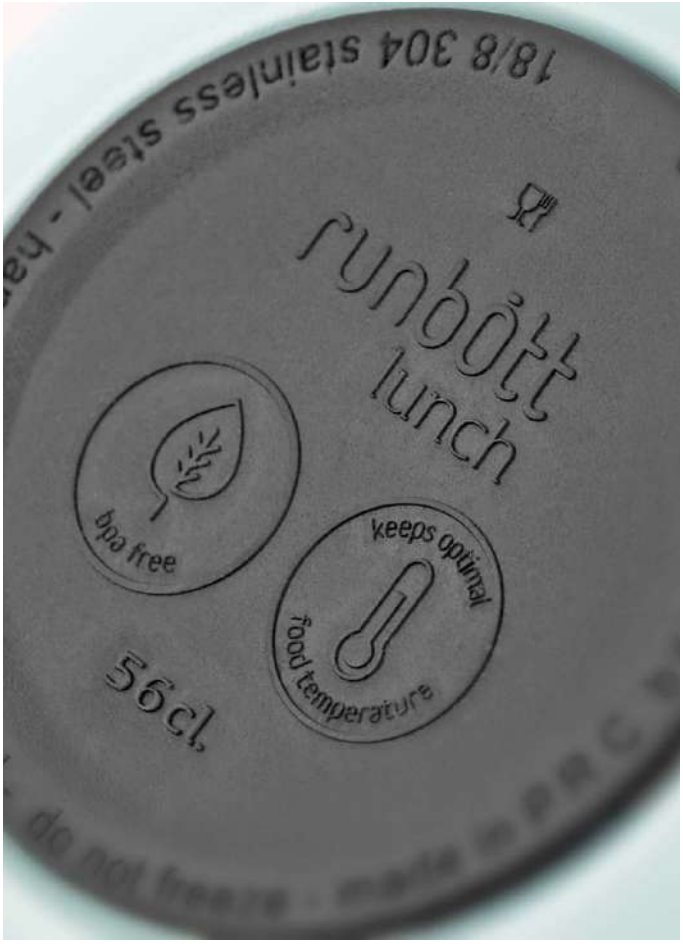

In addition, it is very easy to clean. A little tap water is enough and you will have your RUNBOTT ready for a new adventure.

Triple wall insulation

RUNBOTT features triple layer, double wall vacuum insulated stainless steel. This allows you to maintain the temperature of your drinks for a long time.

Copper coating between walls increases thermal efficiency.

Non-slip base

Comfort is not at odds with design.

The rubber base is one of the stars of our products. Performs its function in a quiet way to leave a pleasant feeling when supporting the bottle.

Your bottle always on its feet and bringing extra comfort to your day-to-day life.

Cleaning Tabs

973186

Cleaning tablets designed for a deep and effortless clean. These effervescent tablets remove residues, odors, and drink build-up, leaving your bottle ready for its next use. No perfumes or colorants: effective cleaning without affecting the taste of your beverages.

Cleaning Kit

972075

The best way to clean the bottles and their straws, designed for better maintenance without degrading the product's materials. Avoiding the use of chemical substances that are not recommended for your health or the environment.

Sport cap

970421

Turn your Runbott into a sports bottle to take it to the gym, to the mountains or to the beach. With the silicone mouthpiece, replacement straws for greater durability. Ergonomic lateral grip for hanging and carrying more comfortably.

Standard cap

970477

Watertight plastic screw cap, it does not leak, does not condense humidity and maintains the temperature. It has a practical rubber handle and useful to carry or hang from your backpack.

Mii Sports Cap

9726799

Sports cap with carrying handle, rocking mouthpiece and hygienic tab. Microshield technology that prevents the proliferation of pathogenic organisms. Includes replacement cannula for ncreased durability. Compatible with Runbott Mii.

Mii Cap

972857

Screw-on cap and carrying handle. Includes ergonomic dosing mouthpiece with Microshield technology that prevents the proliferation of pathogenic organisms. Compatible with Runbott Mii.

Infuser Cup Mii

972992

Prepare your favorite infusions with the filter cap for the Runbott Cup Mii. Screw-on and fully washable. Ideal for infusing hot drinks or filtering cold beverages
